Patient Quotes

Cedric at the reception desk was a pleasure to deal with. He was always upbeat and very helpful in scheduling my appointments.

My therapist is an outstanding professional. She understood my condition and developed a comprehensive therapeutic program to address my needs. Her positive attitude and encouragement made my therapy sessions enjoyable and worthwhile.

My therapist was very attentive, careful, and sensitive and I appreciate that

My therapist was absolutely phenomenal. I can see a huge improvement in my mobility and strength largely due to the exercises he gives me and his encouragement. Because of him I love coming to PT and I have hope that I will recover a lot from my SCI.

My experience working with my therapist was excellent. Her knowledge and sensitivity makes the road to starting to walk again a challenge that I believe I can master. I always looked forward to my therapy sessions even though they were hard work.
