PFAC Annual Report Form

Health Care For All (HCFA) promotes health justice in Massachusetts by working to reduce disparities and ensure coverage and access for all. HCFA uses direct service, policy development, coalition building, community organizing, public education and outreach to achieve its mission. HCFA’s vision is that everyone in Massachusetts has the equitable, affordable, and comprehensive care they need to be healthy.

Why complete an annual report for my PFAC?
Under Massachusetts law, hospital-wide PFACs are required to write annual reports by October 1st each year. These reports must be made available to members of the public upon request. As in past years, HCFA is requesting a copy of each report and submitted reports will be posted on HCFA’s website, www.hcfama.org. HCFA recommends using this template to assist with information collection, as well as the reporting of key activities and milestones.

What will happen with my report and how will HCFA use it?
We recognize the importance of sharing of information across PFACs. Each year, we
➢ make individual reports available online
➢ share the data so that PFACs can learn about what other groups are doing

Who can I contact with questions?
Please contact us at PFAC@hcfama.org or call us at 617-275-2982.

If you wish to use this Word document or any other form, please email it to PFAC@hcfama.org.

Reports should be completed by October 1, 2018.
