

PFAC Annual Report Form

Annual reports are an opportunity for Patient and Family Advisory Councils to summarize their work in the prior year, track progress toward goals, and share successes as well as challenges with the broader community.

Why complete an annual report for my PFAC?

In Massachusetts, hospital-wide PFACs are required to produce annual reports by October 1 of each year. These reports must be made available to members of the public upon request. In past years, Health Care For All (HCFA) has collected and aggregated hospital reports to share with the wider community.

This template was designed by HCFA to assist with information collection, as well as the reporting of key activities and milestones. As of 2023, the responsibility for collecting and sharing PFAC reports with the broader community has been assumed by the Betsy Lehman Center for Patient Safety. The Center is also planning to revitalize efforts to support PFAC work across the state and will have more information in the coming months on those efforts.

What will happen with my report?

PFAC reports submitted will be available online in early November at: BetsyLehmanCenterMA.gov/PFAC

Who can I contact with questions?

Please contact Janell.Wilkinson@BetsyLehmanCenterMA.gov or call 617-701-8271.

Please email this completed form to PFAC@BetsyLehmanCenterMA.gov by October 1, 2023.
