

With sincere gratitude and esteem, President Dr. Ross Zafonte cordially invites you to join

The President's Council

at Spaulding Rehabilitation

Recognizing annual leadership giving that helps patients and families find their strength on the journey to recovery

It is my honor to invite you to consider becoming a member of our new annual leadership giving society, **The President's Council**. We are so proud to have you join this special group as we continue to build on the tremendous success of our *Campaign for Spaulding Research Institute* and usher rehabilitation into a new era of care and discovery.

The President's Council represents a distinguished group of individuals, families, and institutions whose yearly generosity of \$20,000 or more shapes and sustains the life-changing mission of Spaulding Rehabilitation. Our members are united in a singular vision to make the world a better place for people recovering from and living with disability and disease—a calling that has become even more imperative as we respond to the lasting impact of the COVID-19 pandemic and urgent issues of health equity.

Your dedicated support as a President's Council member can help transform the ways in which we deliver exceptional care, advance pioneering research, and promote innovative education in the field of rehabilitation medicine. Thank you on behalf of the entire Spaulding network for your consideration to join such an extraordinary cadre of generous leaders.

Warm regards,

Ross Zafonte, D.O.
President
Spaulding Rehabilitation

President's Council members are...

- recognized for **yearly cumulative giving of \$20,000 or more to any and all Spaulding programs**—from advancing our innovative research efforts, to investing in our clinical programs, to contributing to a myriad of special events, to supporting our Annual Fund.
- invited to our annual **President's Council Celebration**, which provides an opportunity to hear from and engage with Spaulding's leaders and faculty experts about the latest frontiers of rehabilitation medicine in the company of other generous individuals committed to our mission.
- eligible to receive **the latest updates on emerging work** from Spaulding, including (but not limited to) virtual briefings on key topics, news about research grants and publications, personalized tours and meetings, and our Grand Rounds series of educational programs.
- offered **timely support and guidance** to navigate the health system and facilitate access to care.

Participation or inclusion in any of the Council's activities is **at the member's interest and convenience**.

 Working with Spaulding
 is a way to be a part of
 a dynamic organization
 that represents the best
 of both worlds in terms
 of patient care and
 research. It's a place
 that impresses me by
 always looking for newer,
 better ways to treat
 patients, which makes it
 an incredible place to be
 involved with."
