The Dean Center for Tick Borne Illness

Lecture Series and Support Group Schedule
(Winter/Spring 2020)

This new format of the Dean Center Support Group will begin with an hour long lecture by a special guest, followed by a traditional support group led by Mental Health Counselor, Kerry Lang, LMHC. These meetings are drop-in style (no sign-ups required), and open to anyone suffering from the effects of tick borne illness at any stage. These events will serve as a place where patients can learn from each lecture, then share their thoughts and experiences while offering support to one another.

Attendees are welcome to attend both parts of the meetings, or just the lecture or support group. To participate in the support group, please arrive no later than 2:00pm.

WHERE
Spaulding Rehabilitation Hospital (Conference Center A/B)
300 First Avenue, Charlestown, MA 02129

WHEN
1:00-3:00pm
